Telemedicine in the Time of COVID-19

A web-based symposium for medical personnel

**Friday, September 18
8:00am to 12:00pm ET**

University of Florida Center for HIV/AIDS Research, Education and Service (UF CARES)

This event will provide education about key steps to implement a telemedicine program for HIV care, including capacity building, patient and community engagement, and evaluation of the program. We will conclude the symposium with a stakeholders' panel discussion on best practices and potential strategies to improve and/or expand the program**.**

Register
